

Bern University Hospital, University of Bern
Department for Cardiovascular Surgery

Biological Material in Vascular Access

March 30, 2017: 10:00 - 15:00 h

Inselspital Bern, Kursraum 1, Kinderklinik

Course Directors

Prof. Jürg Schmidli
PD Dr. Matthias K. Widmer
Dr. Vladimir Makaloski

Course Faculty

Prof. Dominik Uehlinger
Dr. Georg Heller
Dr. Robert Kalicki
Dr. Antonie Pasch
Dr. Edin Mujagic
Dr. Daniel Becker
Dr. Pascal Kissling
Dr. Corinne Geppert

Information and registration:

Ms. Irène Zintel

Phone: 031 632 26 02

E-mail: gefaesschirurgie@insel.ch

10:00-10:30	Registration / Coffee	
10:30-10:35	Welcome	J. Schmidli
10:35-10:50	New vascular access guidelines	M. Widmer
10:50-11:05	Biological grafts in vascular access (nephrologist's point of view)	D. Uehlinger
11:05-11:20	Biological grafts in vascular access (surgeon's point of view)	G. Heller
11:20-11:30	Challenging case Nr. 1	P. Kissling
11:30-11:45	Haemodynamics in dialysis	R. Kalicki
11:45-11:55	Vascular access using Omniflow II graft (video)	V. Makaloski
11:55-12:15	Use of biological material in re-do surgery	A. Pasch / D. Becker
12:15-13:45	Lunch + practical exercise on a model	Foyer Ettore Rossi
13:45-13:55	Challenging case Nr. 2	G. Heller
13:55-14:05	Anticoagulation in biological grafts	E. Mujagic
14:05-14:15	Challenging case Nr. 3	C. Geppert
14:15-14:30	Literature review / Bern experience	V. Makaloski
14:30-14:55	Q & A from the podium	all speakers
14:55-15:00	Final comments and meeting adjourn	J. Schmidli
