

CME DAYS AARAU

Friday, 02. & Saturday, 03. September 2022

Kantonsspital Aarau

On behalf of the Swiss Society of Nephrology and the Young Swiss Nephrology it is my pleasure to invite you to Aarau for a two day learning experience. The topics this year are Sonography | Glomerulonephritis | Genetics.

You will be a very active part in this course and we like to be challenged. “Traditional” presentations will only be a significantly smaller part. We are joined by top national and international teachers. These days are for our renal fellows and young nephrologist.

Prof. Stephan Segerer, Aarau & Young Swiss Nephrology

CME Day 1: Friday 02.09.2022

Sonography

08:30 - 08:50	Basics of (renal) ultrasound	Belen Ponte
08:50 - 09:10	Renal Allograft	Katarina Benackova
09:10 - 09:30	AV-Fistula	Christoph Thalhammer
09:30 - 09:50	Venous congestion	Joscha von Rappard
09:50 - 10:00	Further questions	
10.00 - 10:20	Coffee Break	
10:30 - 12:30	Hands-on Ultrasound: Kidney, Renal allograft, Vascular access, Venous congestion	Florian Buchkremer Belen Ponte Katarina Benackova Joscha von Rappard Christoph Thalhammer
12:30 - 13:30	Lunch Break	

Glomerular diseases

13:30 - 13:35	Introduction	Stephan Segerer
13:40 – 14.10	Glomerular pathology-from Structure to clinical presentation	Minjeong Kim
14.15 - 14:45	Work in Groups: Nephrotic Proteinuria (Membranous nephropathy, Minimal Change, FSGS)	Minjeong Kim Uyen Huynh-Do
14:45 – 15.15	Group presentation	
15:15 - 15:35	Coffee Break	
15:35 - 16:20	Lupus Nephritis	Uyen Huynh-Do
16.20 - 16:50	Group work: “nephritic” disease (IgA, Anti-GBM, ANCA)	Uyen Huynh-Do Minjeong Kim
16:50 - 17:20	Group presentation	
17:45	“Meet and Great” Apéro of the Young Swiss Nephrology	

CME day 2: Saturday 03.09.2022

Complement and Genetics 1

08:30 - 08:35	Introduction	Stephan Segerer
08:35 - 09:20	Complement associated renal diseases	Fadi Fakhouri
09:20 - 09:50	Group work (MPGNs, 3 vignettes)	Fadi Fakhouri Stephan Segerer
09:50 - 10:20	Group presentation	
10:20 - 10:45	Coffee Break	
10:45 - 11:30	The spectrum of inherited kidney diseases and genetic testing	Olivier Bonny
11:30 - 12:00	Group work (rare inherited kidney disease, 3 Vignettes)	Olivier Bonny Fadi Fakhouri
12:00 - 12:30	Group presentation	
12:30 - 13:30	Lunch Break	

Complement and Genetics 2

13:30 - 13:35	Introduction	
13:35 - 14:05	Genetic disorders of the glomerular Basement membrane	Michelle Rheault
14:05 - 14:35	Group work (ADPKD Cystic kidney disease)	YSN
14:35 - 15:05	Group presentation	
15:05 - 15:25	Coffee Break	
15:25 - 15:55	Pathology basics	Heinz Regele
15:55 - 16:25	Group Work renal biopsy	Heinz Regele Stephan Segerer
16:25 - 16:55	Group Presentation	
17:00 - 17:15	Summary and review	YSN & Stephan Segerer
17.15	End of CME Days	

SPEAKERS AND TUTORS	
Benackova Katarina	Bern
Bonny Olivier	Fribourg
Buchkremer Florian	Aarau
Fakhouri Fadi	Lausanne
Huynh-Do Uyen	Bern
Kim Minjeong	Aarau
Ponte Bélen	Genf
Regele Heinz	Wien
Rheault Michelle	Michelle Rheault, MD Director, Division of Pediatric Nephrology Associate Professor of Pediatrics University of Minnesota Children's Hospital 2450 Riverside Ave, AO-201 Minneapolis, MN 55454
Segerer Stephan	Aarau
Thalhammer Christoph	Aarau
von Rappard Joscha	Luzern
